PHARMACY

QUALITY
PHARMACY

- Private Enterprise Partnership Community Inequality-Synergies/Benefits/Outcomes
- Partnerships between business and community groups are essential to bridge the widening gap between requirements of communities and government funds available

QUALITY
PHARMACY

- Social Justice
- Dignity
- Human rights
- Compassion
- Education
- Economic accountability
- Equitable sharing of resources

QUALITY
PHARMACY

- Community must still be responsible for their own development and maintenance
 - *Strengthen governance
 - *obtain stability
 - *create an environment conducive to the private sector

QUALITY
PHARMACY

- Government alone cannot achieve all outcomes.
The broader community must be involved.
- The private sector is able to:
 - * generate investment,
 - * employment and wealth and
 - * propel local entrepreneurial energies.

But the role of the private sector is not just a matter of
'doing well by doing good'

QUALITY
PHARMACY

- Embracing responsible practice, ensuring decent workplace conditions & engaging with civil society & others is not only
 - *the right thing to do,
 - *it also is a smart way to manage risks & opportunities,
 - *build markets, strengthen social fabrics
 - *drive long-term community values.

QUALITY
PHARMACY

- In recent years government and community based organisations have opened their doors even wider to:
 - * business,
 - * civil society and
 - * the philanthropic community

QUALITY
PHARMACY

- Partnerships between corporate business & community/government organisations are not a panacea.

*Benefits of working together, from policy making to concrete projects, are so numerous, &

*Challenges being faced so formidable, that teaming up in this way is indispensable.

QUALITY
PHARMACY

- Corporate Australia and like minded organisations can play a critical role by encouraging their memberships to invest in venture capital philanthropy
- The time is ripe for collaboration.

We should not miss this opportunity
