# ***'Children are our future'***

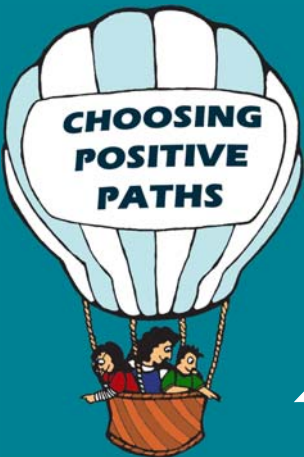

***Research into the need for the development of a  
parenting  
after family violence information and resource kit.***

***Research facilitated  
and written by  
Katherine Blanche.***

***Report for Women's Health West Domestic Violence Outreach Program October 2000***

# Research Findings

## Quotes from Parents & Workers

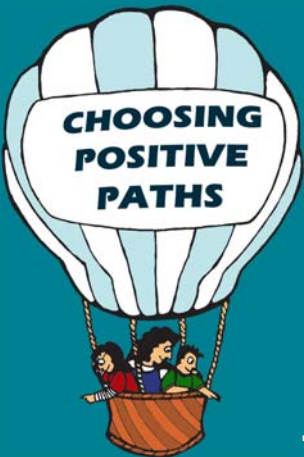

*"How do I deal with the anguish and sometimes the worry about what my child has seen?"*

*"It's not easily accessible."*

*"I have been struggling to find bits."*

*"It is often about piecing the puzzle together."*

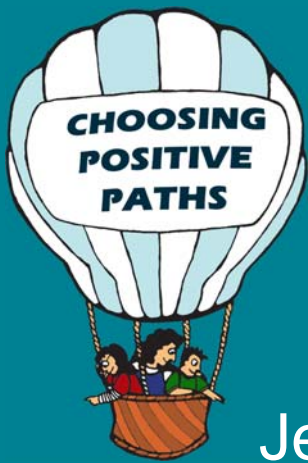

# CHOOSING POSITIVE PATHS

## Project Aims

- To develop a practical, flexible Kit, providing specific information to parents, regarding parenting when they have experienced domestic violence.
- To assist in the prevention of abuse by providing information, alternative positive strategies and/or to reinforce current positive parenting skills.
- To increase workers professional knowledge and awareness regarding domestic violence and to resource the community.

# WORKING GROUP MEMBERS

Jenny Aguirre

- Children's Support worker  
(Women's Health West)
